Dear Columbus Arts Commission,

The Columbus Museum of Art is pleased to assist the Lincoln Theater in the installation of *Gift of Life* by Aminah Brenda Lynn Robinson in their lobby. Curator-at-Large Carole Genshaft, who is extremely knowledgeable about Aminah's art, will work with our exhibition designer to recommend appropriate framing. Carole, a registrar, and exhibition designer will visit the site and suggest the best possible placement in regard to light levels, etc. Museum staff can also assist in installing the painting.

We look forward to working with the staff at the Lincoln Theater to install Aminah's work and making it available to a wide audience of theater-goers.

All the best,

Nannette V. Maciejunes  
Executive Director
